

# WELLINGTON PARK PAPERS NO.1

The Wellington Park Management Trust is pleased to offer the first in a new series for people interested in the history and heritage of Wellington Park.

*Wellington Park Papers* is an occasional series, which aims to celebrate and document the Park through the eyes and thoughts of the community. The *Papers* will allow valuable and otherwise inaccessible material relating to Wellington Park to become publicly available via a high quality, affordable, limited-edition publication.

This edition, *Mountain View: a diary of reflection*, written by Alastair Christie-Johnston, encompasses a 12 month period from December 2005. This 64 page diary explores a multiplicity of angles on the subject of Mount Wellington, and includes observations, fictional narrative, poetry, dialogue and images.

*"If a mountain can be said to have a soul then this is an attempt to find it."*

*Papers No.1* is available for \$14.95 from the Hobart City Council Customer Service Centre, and from leading Hobart Bookshops.
